

## **Survey Form for Proposed Listed Buildings**

The Town Council are presently considering the historical and cultural history of the Town's buildings and would like to seek public opinion and suggestion on what buildings residents would like to see protected for the future.

The Town already has some listed historical buildings, details of which are available by scanning the QR code below. Residents, after checking present listed buildings, are invited to put forward any properties they feel would benefit from protection moving forward. Any proposals will also need to meet with the criteria as per **a)**, **b)** & **c)** below.

- a)** Threat – is the building under serious threat of demolition or major alteration.
- b)** Priority – It supports one or more of Historic England's current listing priorities, (currently Heritage Action Zones – local High streets – see Historic England for clarification).
- c)** Potential – It has very strong potential for being listed, scheduled or registered i.e. a strong architectural or historic interest.
